## DOUBLE S RANCH

Texas County, Texhoma, OK

4,960 ± Acres | \$5,456,000 | Shown by Appointment Only

## RANCH LOCATION

The Double S Ranch has been in the same family for 110 years. This historical and productive short grass ranch is in the south central part of the Oklahoma panhandle, with a headquarters tucked away on the leeward side of a beautiful bluff overlooking it all. The Double S is a carefully-managed ranch in great condition that has been producing some of the finest quality black angus cows for over 20 years, and served as home to a variety of healthy wildlife species. It has the rolling vistas and expansive terrain expected in this high plains area of western Oklahoma, with the addition of dynamic topography and diverse habitat from the Sand Creek and Beaver River dry creek systems.

The ranch is located between Dalhart, Texas and Guymon, Oklahoma and just north of the state line across from Stratford. It is west of FM 95 in the southwest part of Texas County, which is bounded on the north and south by Kansas and Texas.

In addition to the deeded acreage, the ranch currently also leases approximately 2,469 acres from the state. See highlighted areas shown on the map. All parcels (deeded and leased) are contiguous, except for approximately 440 acres about one half mile down the road with the ranch foreman's house. The property is generally flat, with some rolling hills and dynamic drainage breaks with cottonwood, hackberry, elm and willow trees. Typical cover for this high plains region of the great plains include various native grasses, gramma and some bluestem.

Ranch management has been careful not to overgraze the range conditions, and the ranch has historically carried about 200 cows. The bulk of supplemental feed is stored in on-site silage pit, with the ranch using approximately 650 tons per year. The pens, fences and cross fences are in great working condition.

## WATER

There is productive ground water in this specific region with a lot of irrigation nearby. The Double S has 9 windmills, and 3 submersible pumps at the headquarters. Water well depths range from 20'-80' and they flow at approximately 2-5 gpm. The ranch receives an average of 16-18" of rainfall annually.

## WILDLIFE

Wildlife on the ranch is abundant, with a healthy population of bob white quail across the ranch, pronghorn antelope, and mule deer and whitetail deer that find sanctuary in the intermittent creek system breaks and cottonwood areas.

## IMPROVEMENTS

The headquarters on the main ranch include an older brick home centered around an original dugout which is the home's current basement, 1 workshop in excellent condition, 1 new barn, and a good set of pens. In addition, there is a foreman's house on a 440 acre parcel nearby.

A portion of the mineral estate sale is available with an acceptable contract. Please ask broker for details. There is very little current production.

## What You Need to Know About Broker Services

**A real estate broker may work with one or both Parties to a real estate transaction.** *The Oklahoma Broker Relationships Law (Title 59, Oklahoma Statutes, §858-351 – 858-363) allows a real estate firm to provide brokerage services to both Parties to the transaction. This could occur when a firm has contracted with a seller to sell their property and a prospective buyer contacts that same firm to see the property. If the prospective buyer wants to make an offer on the property, the firm must now provide a written notice to both the buyer and seller that the firm is now providing brokerage services to both Parties to the transaction.*

**Oklahoma real estate brokers have mandatory duties and responsibilities to all Parties in a real estate transaction.** *These duties and responsibilities shall be described and disclosed in writing prior to signing a contract to sell, purchase, lease, option or exchange real estate.   - *That a party or prospective party is willing to agree to financing terms different from those offered*
  - *The motivating factors of the party or prospective party purchasing, selling, leasing, optioning or exchanging the property*
  - *Any information specifically designated as confidential by the party unless such information is public.*

**Disclosure of these duties and responsibilities is required in writing.** *The duties and responsibilities disclosed by the broker shall be confirmed in writing by each party in a separate provision, incorporated in or attached to the contract to purchase, option or exchange real estate.*

**Services provided to a tenant do not automatically create a broker relationship.** *When a broker provides brokerage services to a landlord under a property management agreement, the services provided to the tenant by the broker shall not be construed as creating a broker relationship between the broker and the tenant unless otherwise agreed to in writing; however, the broker owes to the tenant the duties of honesty and exercising reasonable skill and care.*
